

Dear Fellow Republicans,

Help Elect a Green Beret!

As a dedicated American, I am writing today with an urgent and heartfelt request. LTC Bill Conrad, USA (Ret), one of the best-qualified candidates in the country, is running for the U.S. Senate in Nevada, and he needs your support.

Bill Conrad is a man of honor, integrity, and unwavering commitment to our nation. A fellow West Point graduate, he has served 31 years on active duty and in the reserves, including multiple tours in Afghanistan. Before 9/11, Bill was elected twice to the Modesto City Council, once as Vice Mayor. In 2010, while still on active duty, Bill made Nevada his home and is deeply committed to representing the interests of Nevada and upholding the values of freedom and opportunity that define our great nation.

Why Bill Conrad?

Bill's top priorities are securing our borders, balancing the budget, and maintaining a strong national defense. He is running to fight for limited government, fiscal responsibility, and policies that empower individuals to pursue their own American Dream. Bill has been a staunch advocate for smaller government, lower taxes, and economic growth throughout his career. He believes in the power of free markets to drive innovation, create jobs, and improve the lives of all Americans. Bill is 100% committed to defending our constitutional rights, which are under attack by the current administration.
